

## Plant-Tech SPRAY-DEP™

SPREADER • STICKER •  
SURFACTANT • DEPOSITION AID •  
DRIFT REDUCTION AGENT

### Principal Functioning Agents

Branched Alkyl Phenol Ethoxylate, Alkyl Phenolic Resin, Propoxylated, Triethanolamine.....	21.20%
Constituent Ineffective as Spray Adjuvants.....	78.80%
<b>TOTAL</b> .....	<b>100%</b>

All ingredients are exempt from the requirement of a tolerance under 40 CFR 180.

WA REG NO. 994680-24007

## WARNING

**KEEP OUT OF REACH OF CHILDREN**

**READ ENTIRE LABEL BEFORE USING**

### Hazard Statements

Combustible liquid. (In containers greater than 119 gallons only.)  
Causes serious eye irritation.  
Causes skin irritation.

### Precautionary Statements

Keep away from heat, sparks, open flames and hot surfaces. No smoking. Wash hands thoroughly after handling. Wear protective gloves/clothing and eye/face protection.

### First Aid

**Note To Physician:** Contains petroleum distillates. Vomiting may cause aspiration pneumonia.

**If in Eyes:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

### Emergency Phone Numbers

Have the product container with you when calling a poison control center or doctor, or going for treatment.

POISON CONTROL CENTER: (800) 222-1222

FOR SPILL CALL CHEMTREC: (800) 424-9300

### DOT Shipping Statement

For Containers Greater Than 119 Gallons Only!

NA1993, Combustible Liquid, N.O.S.,  
(aromatic naphtha), PG III

**NOT FOR AQUATIC USE**

### General Information

Plant-Tech SPRAY-DEP is formulated to improve efficacy of herbicide, insecticide, fungicide and nutrient spray applications through enhanced contact, infiltration and adhesion to plant surfaces.

Plant-Tech SPRAY-DEP improves spray deposition and minimizes off-target drift.

The sticking properties of Plant-Tech SPRAY-DEP resists wash-off of targeted surfaces from rainfall and irrigation.

### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal of this product.

**Storage:** Store in tightly closed containers in dry, well-ventilated area away from excessive heat and incompatibles (oxidizing agents, strong acids, strong bases).

**Product Disposal:** Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents in accordance with local and national regulations.

**Container Disposal:** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.agrecycling.org](http://www.agrecycling.org). Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of containers in accordance with local and national regulations.

### Directions For Use

For use with products registered for agricultural, forestry, industrial, municipal, non-cropland, turf, ornamental, rights-of-way and other uses.

Always read and follow instructions of the pesticide label regarding the use of an adjuvant. If the pesticide label does not specifically recommend, yet does not prohibit, the use of a spreader-sticker adjuvant, the applicator should conduct an advance phytotoxicity test using a small volume of tank mix combinations to confirm compatibility and plant safety. Plant-Tech SPRAY-DEP may be used by ground or air applications.

### Rates per 100 Gallons Spray Mix

Defoliants, Desiccants, Herbicides.....1 to 4 pints  
Fungicides, Acaricides, Insecticides....1/4 to 2 pints  
Wettable Powders.....1/2 to 3 pints

### For Field Crop Applications:

Use 1/4 pint to 2 pints per acre.

### For Drift Suppression:

Use at least 2 pints of Plant-Tech SPRAY-DEP per 100 gallons of spray mix to minimize off target spray drift.

Note: Plant-Tech SPRAY-DEP will not eliminate spray drift. Off-target drift hazards vary with the type of pesticide and application conditions. Plant-Tech SPRAY-DEP improves spray deposition and suppresses drift by producing a more uniform spray pattern.

### Mixing Instructions

#### SHAKE WELL BEFORE USE

1) Add water as indicated by pesticide and/or fertilizer label instructions; 2) Add pesticide; 3) Agitate; 4) Add Plant-Tech SPRAY-DEP last to the tank mix.

**Conditions Of Sale** If the stated terms herein are not acceptable, immediately return the product, unopened. Seller warrants that this product meets specifications at the time of manufacture. To the extent consistent with applicable law, no other warranty, whether express or implied, including without limitation the warranties of merchantability and fitness for a particular purpose, and all such other warranties are hereby expressly disclaimed by seller. All technical advice rendered is intended for use by persons having the appropriate certification, education, experience, and skill, and to the extent consistent with applicable law, Seller shall not be liable for any use or non-use of such advice. Factors, including but not limited to timing, mixture, application method, weather and other conditions are beyond Seller's control and ability to eliminate risks in use. Risks include damage from direct application to plants or caused by spray droplet or vapor drift to other plants. To the extent consistent with applicable law, Buyer assumes all risk and liability for all loss, damage or injury to person or property, including without limitation pollution, environmental damage and restoration or remediation liability, resulting from the use of said product, whether used singly or in combination with other substances, or the storage handling and disposal of the product. Except to the extent prohibited by applicable law, the exclusive remedy of the user and the limit of liability of Seller for any loss, personal injury or damage resulting from the use of this product, shall be the purchase price paid by the user for the quantity of product involved. To the extent consistent with applicable law Seller shall not be liable to the buyer for any damages arising out of product use, including without limitation goodwill, profits, manufacturing cost, or business interruption, regardless of the form or basis of buyer's cause of action.
